# School Nursing: Caring for the Mind, Body and Soul

**NYSASN is proud to announce its 32nd Annual School Nurse Conference.  
The conference will be held in conjunction with Stony Brook University's School of Nursing.**

*This year's scheduled presentations include:*

- Evaluation of cardiac disorders in the school aged child
- GI and dermatological disorders in the school aged child
- Knowledge and identification of tick-borne diseases
- Practice of mindfulness for stress reduction

An optional simulation lab, featuring emergency response training during potential school scenarios, will also be offered in the afternoon on Friday, November 2nd.

Don't miss out on this exceptional educational opportunity. We hope you will plan on attending this NYSASN event as it will provide experiences that are educational and professional as well as entertaining.

Room reservations are already being accepted at the Hilton Garden Inn, located on the campus of Stony Brook University and within walking distance of the conference site.
