Growing Your Knowledge: Did You Know?

Cabot Cheese was formed by 94 farmers in Cabot, VT, in the year 1919, who formed a co-op under the philosophy that working together they would be stronger than apart. Sticking together grew their company and now Cabot Cheese is supplied by farms across New England and New York and processed in four plants in three different states. When people say Cabot is the World's Best Cheddar you can take it literally, since both Cabot Mild and Cabot Medium Cheddar Cheeses won 1st place in the World Championship Cheese Contest! Since Cabot farmers proved to the world that sticking together is better, come join other school nurses at the 2019 New England School Nurse Conference, where together we will be stronger! We will also have Cabot Cheese to snack on thanks to the generous donation Cabot Cheese gave to support school nurses and our conference!
