

Summer Camp Nurse

Hampton Country Day Camp is located in the beautiful ocean resort community of East Hampton, New York. We are a day camp program and offer Leadership Housing for our out of region staff.

Our day camp program runs Monday- Friday, weeknights and weekends are free, staff can enjoy the recreational activities and relaxation of the Hamptons. This is a unique camp opportunity.

Dates: Our program runs from June 28th- August 20, 2021.

Our Nurse staff generally arrive two weeks prior for Orientation and Health Center set up.

Our Post Camp (extended) Program; runs until Friday September 3rd.

Hours: Monday- Friday 8:00 am- 4:15 pm

Our Camper Population:

Campers are between the ages of 2-12 year old. We basically cater to a healthy, mainstream population, however we have some campers with specific medical needs such as: asthma, diabetes and a variety of allergies (food, environmental, etc.). We are a peanut/nut aware facility. Our chef and kitchen staff also provide gluten free and dairy free menu options.

Our Health Center and Duties of Our Nurses:

Our air-conditioned health center is located in the Main Welcome Center Building in the center of camp. We have two nurses on staff who provide general medical supervision for our campers and medical support for our housed staff. One nurse is positioned in our dining hall during lunch periods to provide dietary information and ensure that all campers with food allergies are receiving adequate supervision. We hire RNS and LPNs and prefer prior camp experience. Nurses must have CPR certification and epi-pen, AED training. Strong communication skills, the ability to work in a fast paced environment, attention to detail and organization are essential. Our compensation is competitive and dependent upon license. All RN's and LPN's must be NY State Licensed Nurses and we reimburse our Health Center staff reciprocity fees spent to obtain a NY State License, if they do not already possess one.

Camp Life:

Hampton Country Day Camp is a traditional program offering Athletics, Creative and Performing Arts and Aquatics. We have four in -ground heated swimming pools, high and low ropes courses and many additional facilities on a 10.5 acre manicured property. Our Mission is Simple: Our camps' mission is to teach children the skills of making and keeping friends, while building their self-esteem, self-confidence and resilience.
